To the National Representatives of
the European Kyudo Federation

Basel, Mai 2022

EKF Shogo Benkyokai 2022 and EKF Annual General Meeting 2022

Dear national representatives

At the moment there are around 60 shogo in Europe. During the last decade we successfully held European shogo seminars. The seminars were in form of a benkyokai - workshop. The topics included shooting technique, care-taking aspects and cultural background information.

To further strengthen the bonds between the European shogo title holders, the EKF shidoiinkai encourages the member federations to attend another shogo seminar in City of Mersch in Luxembourg in the beginning of September.

It is therefore with great pleasure that we send you the invitation for this event. Attached please find the detail information on the seminar, the application form and the summary sheet. Please return by mail the summary sheet to the local organiser.

The AGM is also planned to take place in Mersch/Luxembourg on the Saturday evening during the EKF Shogo Benkyokai. Depending on the overall participation, non-shogo national representatives may join the Benkyokai on Saturday or Sunday. Further information will be sent out in due time.

We are looking forward to welcoming you in Mersch in September.

Kind regards

Gérald Zimmermann
EKF President

Tryggvi Sigurdsson
Chairman EKF Shidoiinkai
